

**Waitrose Sourcing List - Bananas**

Waitrose & Partners became the first supermarket in the UK to sell exclusively Fairtrade bananas in 2007. Since then we've maintained our commitment to 100% Fairtrade bananas, recognising the value that the Fairtrade minimum price, and Fairtrade Premium bring in improving livelihoods for workers and farmers in the banana sector.

In 2020, our banana sales generated over £1.3m in Fairtrade Premiums, supporting around 5900 workers in our supply chain to invest in improvements to their communities. For more information visit [waitrose.com/fairtrade](https://waitrose.com/fairtrade)
