SS26/ OUTDOOR

Inspiration this season comes from around the world. From the diverse, sun-drenched landscapes of Mexico to the functional simplicity of the British coastline, our five Home Design Styles draw on multiple influences to deliver distinct and carefully curated outdoor collections. We have long seen our outside space as not just a location, but a welcome extension of our interiors and lifestyle that feel connected, warm and individual.

With a breadth of colour and tactile texture the collection brings the crafted aesthetic of our interiors into the open air. Rustic celebrates the unique properties of teak in the Terra sofa, a durable material that gives joy for years as its colour weathers and ages naturally over time. Timeless offers a subtle nautical nod; sea foam stripes and painted fish motifs adorn cushions and dining, while a refined coastal stripe is found in the returning Marcy range which was a repeat sell-out last year.

Our 'Colour of the Season', Indigo, anchors all of the styles appearing in block colour, bold stripes and watercolour style brush strokes. Grounded in nature, this deep, tranquil hue layers perfectly with earthy browns and warm neutrals to burnt oranges and fuschias.
