CHRISTMAS LOOKBOOK 2026

This Christmas, we have focused on the joy that comes with collecting and gathering treasured items that bring festive cheer into the home. Our four distinctive themes; The Enthusiast, The Cherisher, The Connoisseur and The Curator have each been thoughtfully curated by our team of expert buyers and designers. Each collection has a distinctive look and feel from fun pop culture, to nostalgic treasures that bring whimsical charm to a home. With over 60 baubles for each look, John Lewis has the perfect additions to adorn every tree scheme this season.

THE ENTHUSIAST

Inspired by pop culture and the rush of collecting 'must have' items, this look is perfect for those who decorate with flair and frivolity. This look is all about bold and bright colours paired with kitsch childhood memorabilia. This season welcomes the addition of our special plush Yetis who are from various regions in the UK. Each has taken on its own individual personality and a whimsical tale.
