SPRING 2026

# SPRING 2026

Spring fashion at John Lewis is all about entering the new season with confidence as we reset after the winter months. A neutral colour palette is punctuated with pops of vibrant green and red to give a youthful and optimistic feel. We see transeasonal layering become a main wardrobe staple; blending contrasting colours and fabrics to create considered outfits that feel modern, premium and effortless.

Across John Lewis, silhouettes are oversized and combine classic tailoring with sportswear influences. Texture is key, take the slouchy leather bomber jacket styled with a printed a-line skirt and the lightweight blouson jacket worn over a technical hooded windbreaker, while the must-have trench coat is paired with tonal tailoring. Essential spring accessories in tones of vibrant red and striking green are the leather tote bags, silk scarves and suede pumps.

AND/OR, our contemporary denim brand, stays true to its relaxed style with statement balloon sleeves, washed florals and intricate broderie details. Denim is heroed throughout the collection and double denim is refreshed with new silhouettes. Wide leg jeans are a core trend for the season with new, lighter coloured washes for a fresh update.

We are excited to become the exclusive nationwide store partner for Topshop in February, as well as for the introduction of premium brands Samsøe Samsøe and Amanda Wakeley (including an exclusive collection). We continue to be the destination for premium denim, with newness from Frame, Levi's and new brand Mother.
